

SHRINKFAST®

Model 998

Shrinkfast Model 998 is the leading heat tool for shrink wrapping and shrink film processing

- **Powerful.** With 245,000 BTUs of power, you can shrink wrap a 40" x 48" x 60" pallet in less than two minutes
- **Lightweight.** Sleek design and weighs only 2.2lbs. 998's ergonomic design and fan shaped combustor lead to an even and steady heat pattern for constant shrink wrapping
- **Safe.** UL Listed with built-in safety mechanisms. "Dead man" trigger designed to automatically shut off the flame once trigger is released
- **Flexible.** Extensions available in 4' and 6'
- **Durable.** Full 1 year manufacturer's warranty on all parts and labor
- **Versatile.** Shrink wrapping results in five-sided protection from the elements. Shrink film also produces a stronger bond than either stretch-wrap or banding

The Shrinkfast 998 is a propane fired heat tool which comes in a kit that includes a 25' hose, adjustable regulator, wrench for tightening the hose fittings, and metal case. The 998 is a durable heat tool. It puts out 212,000 BTUs at 20-22 lbs of gas pressure. UL approved when the flame guard is installed. One year warranty.

EXTENSION SYSTEM OPTIONS:

-Lengths and Weights:

4' (5lbs) [Part No. **Model998-4-EXT**]

6' (6lbs) [Part No. **Model998-6-EXT**]

-Quick push button disconnect/connect

-Standard Arm Assist Clip for shrinking large jobs and 'one handed operation'

-75 degree angle of combustor for shrinking curved surfaces

SPECIFICATIONS

Heat Capacity: 136,000-212,000BTU

Propane Consumption: 8.0Lbs./Hr.

Operating Pressure: 22.5 PSIG

Air Consumption: 30 CFM

Weight: 2.2lbs (Unit -16lbs)
