

Portable T-Clamp

IMPULSE HEAT SEALERS

FEATURES

- Available in 8", 12", 15", 18", and 26" seal lengths
- Lightweight & easy to operate
- Impulse heat w/ timer
- Heavy duty construction
- Fuse protected
- Start button on clamp

B-Series T-Clamp impulse heat sealers are lightweight and easy to use anywhere. Available in 8", 12", 15", 18", and 26" seal lengths, the B-Series sealers are ideal for sealing polyethylene and laminated foils. Applications include sealing around oddly shaped products including drum or box liners for sealing around large objects.

OPTIONS

- 220V
- Wider seal widths (3/8" or 1/2")
- Dual elements
- Scissor Clamps available in 6" or 10" lengths

Easy to Operate: Operator simply squeezes the handle to open the jaws and clamps on the film being sealed. A start button is located on the seal jaw is activated. An indicator light on the main housing unit signals the start and finish of the seal cycle. Heat cycle is controlled by a timer. The operator simply increases or decreases the heat as desired.
